

Workshop on Energy Recovery Linacs (ERL2015)

June 7-12, 2013, Stony Brook University, Stony Brook, New York

ERL: Application Working Group Charge

Oliver Bruning (CERN)

Vladimir Litvinenko (SBU/BNL)

WG5 charge - it is simple: To review potential applications of ERL technology.

Invited talks have to cover (it should be combination of plenary and in-group talks):

- (a) colliders (LHeC, eRHIC)
- (b) cooling (CeC, JLab, BNL?)
- (c) SR and FEL sources (Berlin Pro, KeK,)
- (d) other - internal targets, gamma-ray sources....
- (e) test facilities (BNL R&D ERL, CERN test ERL, Cornell)
